

# Invitation to **TOPtoTOP** Presentation

Halekulani Hotel, June 6, 2013

---

Dear Swiss Friends and Friends of Switzerland,

It is my great pleasure to invite you to a presentation at Halekulani Hotel by the TOPtoTOP Global Climate Expedition under the patronage of the United Nations Environment Program and the Swiss Government.

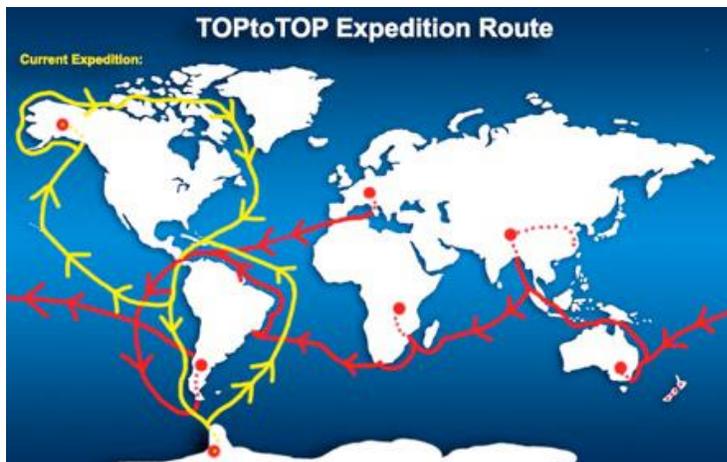

The Swiss family Schwörer builds the core team of the expedition. The journey around the world started in 2002 and Dario and Sabine Schwörer's four children were all born on the voyage. Alegra the youngest crew member on board is 2 years old, Noé 3, Andri 6 and Salina 7. Volunteers join the family periodically. They engage in educational activities with schools, universities and community groups, inspiring the use of clean energy, healthy living and environmental sustainability.

So far they have sailed 60'000 nautical miles in their expedition vessel, climbed over 400'000 vertical meters, cycled over 18'000 kilometers and visited over 70'000 students!

Included in the impressive resume are the following mountain climbs:

- highest TOP measured from sea level, Mt. Everest – Nepal
- highest TOP measured from the center of the earth, Chimborazzo - Ecuador,
- highest TOP measured from the sea floor, Mauna Kea - Hawaii! (last week!)

For further information visit: [www.toptotop.org](http://www.toptotop.org) ...and blog: [www.expedition.toptotop.org](http://www.expedition.toptotop.org)

Please come and join us for a fun and educational event:

**Where: Halekulani Hotel, Waikiki, Honolulu**

**When: Thursday, June 6 at 4:00pm**

(Validated parking is available)
