

## TOptotOP Expedition Report, 23. June 2005

### “More schools and ambassadors”

----  
Hello,

Here Salina again. It is still raining in Patagonia and at night it's freezing. We have had only one nice day in June!

Invitation for the TOptotOP-Party in the mountains:

Here the high lights from the last month:

- Party by Nancy and Bill
- Present from Co and Clara: A big knife for the sea grass and a pilot charts for Patagonia
- School visits and clean ups in Valdivia and Futrano

- Public presentation in the hotel El Ciervo in Villarica ([www.hotelelcierco.cl](http://www.hotelelcierco.cl))
- School visits and clean ups in Huiscapí-Loncoche, Victoria

- Invitation at Violeta Meynet from the Swiss Club in Victoria
- TOPToTOP report about our work in Canal 4
- Visit of a school with children having a disability: TOPToTOP will raise money for a new shelter.

- We traveled a lot and visit many schools. Sometimes we have done 3 presentations a day!
- On Pachamama Sabine finished her painting; - a present for the German ambassador.

- New innovation found! There are different ways to clean a baby: A bath, nappies ... but with the vacuum cleaner from WAECO powered with solar panels from Sunware and wind generators from Superwind, it is renewable, easier and makes fun!

- Salina has now the Swiss and Chilean passport.
- Helga Behrend the leader of Terranova ([www.terrannoturismo.cl](http://www.terrannoturismo.cl)) is a person with a big heart and initiated an orphanage about 20 years ago. She invited us to Vina and organized a TOPToTOP presentation in Valparaiso: see article.
- The Swiss ambassador Andre Regli and the German Ambassador Joachim Schmillen (picture) invited us in Santiago.

Hope to see you next weekend on the 2<sup>nd</sup> and 3<sup>rd</sup> of July 2005 at the TOPTO TOP party. Information see last expedition report.

At the moment we are just crossing the Andes. Goodnight, Salina :-)
